SAX ELECTRIC
height 1800 mm, lenght 415 mm. Satin Black finish (cod. 30).
Designed by Synthesis Design

Technical features:

- manifolds with a 30 mm diameter circular section
- tubes made of steel sheet with a 20x25 mm rectangular section
- complete with thermal liquid
- electric resistance equipped with a WiFi electronic control
- long transparent power cable: 1.200 mm, bottom left for Horizontal, bottom right for Vertical, SCHUKO plug
- Class II, IP24
- horizontal and vertical installation; in horizontal installation the LEDs must be pointing downwards
- VOC function i. e. air quality control

Prices include:

- fixing brackets complete with screws and anchors
- multicolored LED lighting system (optional) with adjustable intensity

Finishes available	Surcharge
Standard White	-
IRSAP finished	+25%
Other RAL colors	+40% following feasibility study

Finishing codes see page 604.

WiFi control unit *

Control your radiator remotely using the IRSAP NOW app available from:

Available on the App Store   GET IT ON Google Play

Compatible with the systems:

WORKS WITH alexa   works with Hey Google   Works with IFTTT

The WiFi control, on the radiator, connects to smartphones, making product management simple and immediate, configurable by downloading the IRSAP NOW APP available from all Android and IOS stores.
This APP allows the management of multiple homes, allowing individual rooms or zones to be configured independently.
The WiFi control is compatible with Google Home, Amazon Alexa and IFTTT protocol.
As well as monitoring and setting the desired temperature, the WiFi control has the following functions:
stand-by function, key lock function, antifreeze function, HOME/AWAY function (geolocation), holiday function, detect open window function, ITCS function (Intelligence Temperature Control System), which allows you to have the exact temperature at the set time, VOC function i.e. air quality control. With the Now app you can remotely vary the color tone and intensity of the RGBW LED light (optional) integrated into the radiator.

See the online guides at: **support.smart@irsap.com**

* Available only for UE and CH.
